Whether you operate a single restaurant or multiple locations, Gemsys delivers intelligent cash-handling solutions designed to scale as you grow while streamlining operations, strengthening accountability, and improve cash security across your business. Get more money to the bank – **Control & Scale with Gemsys!**

WEBSAFE™ Cash Management

WebSafe is an end-to-end cash automation solution that secures and simplifies cash handling from the point of sale through to bank deposit.

Counterfeit currency is detected and rejected prior to acceptance, while robust reporting, accountability, and bank-ready cash storage at the point of acceptance help reduce risk, improve efficiency, and ensure cash is handled only once.

- **Built-in counterfeit detection at point of transaction**
- **Improved labour efficiencies**
- **One touch cash handling from point of sale to your bank**
- **Accurate, secure cash deposits**
- **Real-time visibility across locations**
- **Configurations for every size operation**
