

COUNT - SORT - WRAP

all coin denominations at the same time in minutes

Automatically off-sort foreign and damaged coins

Counting speed of 600 coins per minute

Counting coins by hand is labour intensive,
dirty work, and not an enjoyable task

Automatically off-sort U.S coins (10c, & 25c)
or Canadian coins if programmed for U.S coins

The DTC-6 is a commercial grade product,
designed and built for daily use

Provides the dollar value for the total count plus
a denomination breakdown

Can be interfaced to an optional journal printer

Plug and play interface to Websafe™ cash management solution

Machine setup with coin drawers
