Advantec 75 Advanced Currency Counter

- **Minimizes** cash handling by counting up to 1,500 bills per minute without sacrificing accuracy or reliability

- **Cost effective** solution for any business or organization that needs to make quick work of currency counting

Fast, Accurate, and Reliable
The Advantec 75 is a highly reliable and accurate desktop currency counter. It combines speed, precision, and versatility.

Next-level Communication Capabilities
The Advantec 75 displays easy to understand messages and alerts on its LCD screen.

Count Your Savings

A vast improvement over manually counting with hand, the Advantec 75 provides outstanding performance at an affordable price. Every time you use this machine, it will save you time and improve accuracy. With an incredible return on investment, the Advantec 75 will virtually pay for itself.

Reliability and Speed

Designed as a commercial quality currency counter, the Advantec 75 is sure to meet your unique needs with its unrivaled accuracy and speed. It counts up to 1,500 bills per minute without sacrificing accuracy, or reliability. Counting speeds of 800, 1,000, and 1,200 are also available to ensure smooth counting of both worn and new bills. Select pre-batch settings or program an amount using the 10-digital keypad.

Standard Features ADD Value

With its user-friendly control panel and easy to read LCD display, utilizing all of the features of the Advantec 75 is at the touch of a button. The Advantec 75 has a number of usable standard features for a variety of processing needs.

Big Savings in a Small Package

The Advantec 75 has a small footprint and allows it to be used in any workspace, while offering excellent standard features to help maximize labor savings. The Advantec 75 enters into an energy-saving sleep mode when not in use, but the One-Eye-Open™ feature switches the unit from sleep to counting when bills are loaded.
